NFC card refund register

REVIEW COPY - NO REFUNDS POSTED

Item: 4k RFID S70 NFC Card | Vendor: DMS-OS | Main Branch, Secondary

Live records checked: 16 Oct 2026, 18:20 WAT. "4k" is part of the product name; the verified price was NGN 3,500 per card.

Verified buyers	249 students
Paid card purchases	255 purchases / NGN 892,500
Requested refund	NGN 3,500 per card purchase / NGN 892,500 total
Confirmed scope	All 255 purchases selected; 6 students receive NGN 7,000 each
Reversal status	Not posted - Accounts Officer approval required
Vendor settlement	NGN 406,000 reserved in one unpaid request covering 116 purchases

Preservation and posting controls

Keep original purchases, receipts and wallet debits. Record a separate, linked Wallet Refund credit, with a balanced vendor-liability adjustment and an audit entry. Do not create a new payment or top-up. Do not restock cards automatically.

The unpaid vendor request must be flagged for reconciliation before any payout. Parents will see a posted credit in Wallet Activity; no refund is visible yet because none has been posted.

The register lists each student once. Amount paid includes card purchases only, not other items bought in the same transaction. Classes are taken from the wallet purchase records. The confirmed scope covers every verified card purchase, including repeat purchases.

Students with two paid card purchases

Both purchases are included: NGN 7,000 is due to each of these six students. All refunds remain unposted and require Accounts Officer approval.
